Subpart 32.10—Performance-Based Payments

SOURCE: 60 FR 49715, Sept. 26, 1995, unless otherwise noted.

32.1000 Scope of subpart.

This subpart provides policy and procedures for performance-based payments under non-commercial purchases pursuant to subpart 32.1. This subpart does not apply to—

- (a) Payments under cost-reimbursement contracts;
- (b) Contracts for architect-engineer services or construction, or for shipbuilding or ship conversion, alteration, or repair, when the contracts provide for progress payments based upon a percentage or stage of completion;
- (c) Contracts for research or development; or
- (d) Contracts awarded through sealed bid or competitive negotiation procedures.

32.1001 Policy.

- (a) Performance-based payments are contract financing payments that are not payment for accepted items.
- (b) Performance-based payments are fully recoverable, in the same manner as progress payments, in the event of default. Except as provided in 32.1003(c), performance-based payments shall not be used when other forms of contract financing are provided.
- (c) For Government accounting purposes, performance-based payments should be treated like progress payments based on costs under subpart 32.5.
- (d) Performance-based payments are contract financing payments and, therefore, are not subject to the interest-penalty provisions of prompt pay-

ment (see subpart 32.9). However, these payments shall be made in accordance with the agency's policy for prompt payment of contract financing payments.

(e) Performance-based payments are the preferred financing method when the contracting officer finds them practical, and the contractor agrees to their use.

32.1002 Bases for performance-based payments.

Performance-based payments may be made on any of the following bases:

- (a) Performance measured by objective, quantifiable methods;
- (b) Accomplishment of defined events; or
- (c) Other quantifiable measures of results.

32.1003 Criteria for use.

Performance-based payments shall be used only if the following conditions are met:

- (a) The contracting officer and offeror are able to agree on the performance-based payment terms;
- (b) The contract is a definitized fixed-price type contract (but see 32.1005(b)); and
- (c) The contract does not provide for other methods of contract financing, except that advance payments in accordance with subpart 32.4, or guaranteed loans in accordance with subpart 32.3 may be used.

32.1004 Procedure.

Performance-based payments may be made either on a whole contract or on a deliverable item basis, unless otherwise prescribed by agency regulations. Financing payments to be made on a whole contract basis are applicable to the entire contract, and not to specific deliverable items. Financing payments to be made on a deliverable item basis are applicable to a specific individual deliverable item. (A deliverable item for these purposes is a separate item with a distinct unit price. Thus, a contract line item for 10 airplanes, with a unit price of \$1,000,000 each, has ten deliverable items—the separate planes. A contract line item for 1 lot of 10 airplanes, with a lot price of \$10,000,000, has only one deliverable item—the lot.)
